

Celebrating the excellence of technical and adult education in Arkansas

(WE-Weekly is an e-mail headline news service provided by the Arkansas Department of Workforce Education.)

HEADLINES

Career Academy Awards

The National Career Academy honored Arkansas this past week at its conference in Santa Fe, N.M., as the first state member of the coalition. A plaque was given to the state, and the 80 Arkansas attendees were treated to a private reception.

Arkansan Richard Stankevich of Constitution State Services received the coalition's Exemplary Partnership Award. From the inception of small learning communities and as a partner in education with Northside High School in Fort Smith, Rich has been instrumental in supporting the school's career academies, particularly the Northside Business Academy.

CALENDAR

THURSDAY, DEC. 2

SBWECO

The State Board of Workforce Education and Career Opportunities will hold its regular meeting at 9 a.m. at the Holiday Inn Select in Little Rock.

The board will recognize the efforts of high school teachers who helped develop three pilot projects in Business/Marketing Technology and consider proposed revisions to the policies and procedures for secondary area technical centers.

Visit <http://dwe.arkansas.gov/DeptDir/newsreleases.htm> for the complete agenda.

SUNDAY, DEC. 5

FBLA

The State Executive Council for Future Business Leaders of America will begin its two-day meeting in Little Rock.
